“Cancer Prevention and
Treatment: From Ancient
Medicine to Modern Medicine”

THE UNIVERSITY OF TEXAS
MD Anderson
Cancer Center®

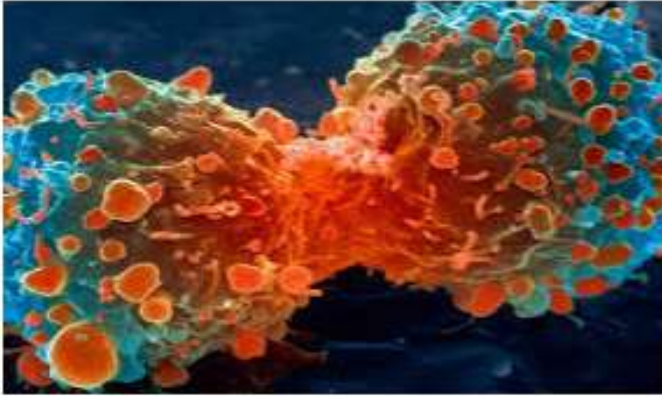

DATE

FEB 08 – 11, 2018

Venue

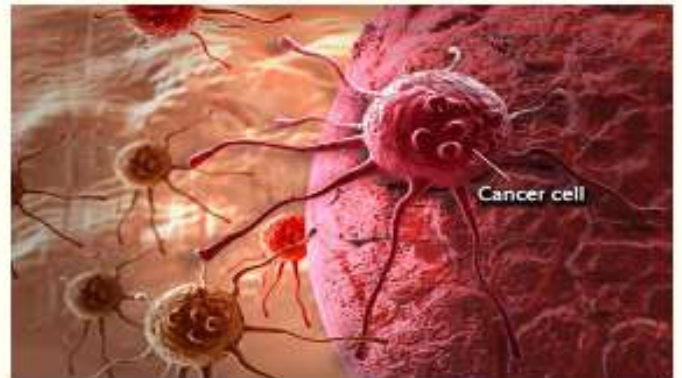

**Westin Hotel
154, Velachery Main Road,
Chennai, India**

ABOUT

Cancer, also referred to as dysregulated cell growth, has existed as long as man has. The earliest written record regarding cancer is from circa 1600 BC in the Egyptian Edwin Smith Papyrus and describes breast cancer. Hippocrates (ca. 460 BC – ca. 370 BC) described several kinds of cancer, referring to them with the Greek word crab or crayfish. This name comes from the appearance of the cut surface of a solid malignant tumor, with "the veins stretched on all sides as the animal the crab has its feet, whence it derives its name".

Galen stated that "cancer of the breast is so called because of the fancied resemblance to a crab given by the lateral prolongations of the tumor and the adjacent distended veins". Celsus (ca. 25 BC – 50 AD) translated karkinos into the Latin cancer, also meaning crab and recommended surgery as treatment. Galen (2nd century AD) disagreed with the use of surgery and recommended purgatives instead. These recommendations largely stood for 1000 years.

In the 15th, 16th and 17th centuries, it became acceptable for doctors to dissect bodies to discover the cause of death. The German professor Wilhelm Fabry believed that breast cancer was caused by a milk clot in a mammary duct.

The physician John Hill described tobacco snuff as the cause of nose cancer in 1761. This was followed by the report in 1775 by British surgeon Percivall Pott that chimney sweeps' carcinoma, a cancer of the scrotum, was a common disease among chimney sweeps. With the widespread use of the microscope in the 18th century, it was discovered that the 'cancer poison' spread from the primary tumor through the lymph nodes to other sites ("metastasis").

How cancer was treated before these therapies came along, is also equally important. These so called ancient therapies included overall change in lifestyle including dietary habits, exercise, yoga, meditation, homeopathy, Ayurveda, Siddha, Unani. For instance Ayurveda describes different stages of tumorigenesis as chronic inflammatory and intractable diseases with the possibility of developing malignancy, precancerous growth or probable malignancy, granthi (benign glandular swelling), and arbuda or definite malignancy. According to Ayurveda (a science of long life) which has been around 5000 years, cancer results from lifestyle errors, such as unhealthy foods, poor hygiene, or poor behavior, or from physical trauma, all leading to imbalances of vata, pitta, and kapha, resulting in injury to the inner layer of the dermis (rohini, the sixth layer of the skin) and the formation of abnormal branches of blood vessels

Our current conference is focused on both ancient as well as modern treatments that are available for the prevention and treatment of cancer.

ORGANIZING COMMITTEE

PATRON

Bhaskar Ramamurthi

SPONSORSHIP DELIVERABLES

We are happy to inform you that the 7th International Conference on Translational Cancer Research is scheduled to be held on FEB 08 - 11, 2018 Westin Hotel, Chennai.

Industries will have the option of being a Platinum, Gold or Silver Sponsor. Industries also have the opportunity to put up stalls at the conference venue during the entire period of the conference.

I request you to take this unique opportunity to be a partner in the progress towards the biological revolution in India.

THE FOLLOWING FACILITIES WILL BE PROVIDED FOR THE SPONSORING COMPANIES

Platinum	Rs. 3 lakhs.	Stall (big) + 3 representatives
Gold	Rs. 2 lakhs.	Stall (big) + 2 representatives
Silver	Rs. 1 lakh.	Stall (big) + 1 representative

Industry - Rs. 15,000 (1 representative, without stall)

Stall size 3 meters X 3 meters X 3 meters (big)

Small 2 meters X 3 meters X 3 meters

REGISTRATION FORM

Registration Form

Office use only:	Registration No:	Receipt No:
-------------------------	-------------------------	--------------------

(Please fill in block/boxes as applicable)

Title: Dr./Prof./Mr./Mrs./Ms.

Name _____
(It will appear on your badge and Certificate, as it is)

Gender: Male Female **Specialization/ Research Focus:** _____

Designation: _____ **Registration category:** Faculty Student

Presentation: Yes No

Presentation Type: Invited talk Oral Presentation Poster Presentation

Organization _____

Address: _____

City: _____ **Pin:** _____ **E-Mail (Mandatory):** _____

Mobile No: _____

No. of Accompanying persons: _____

Name of Accompanying Person: 1. _____

2. _____ **3.** _____

Signature: _____

Registration Fee:

Category	Before September 15, 2017	Before December 31, 2017	After January 01, 2018
Participants from India			
Faculty and other Delegates	INR 4500	INR 5500	INR 7000
Ph.D. Students and Research Fellows	INR 2500	INR 3000	INR 4000
Accompanying Person	INR 3000	INR 3500	INR 4500
Industry	INR 15,000		
Overseas Delegates			
Faculty and other Delegates	USD 350	USD 400	USD 500
Students	USD 200	USD 250	USD 300
Accompanying Person	USD 150	USD 200	USD 250
Registration is Compulsory			
<ul style="list-style-type: none"> One day registration will be available (Participants from India: INR 2000, Overseas participants USD 150) Certificate from Departmental Head/ Institutional Head should be Submitted form registration in Student/Research Fellow Category 			

Bank Transfer Details:

Account Name: International Conference on Cancer Prevention and Treatment **Account No:** 36315973400
Name of Bank: State Bank of India, IIT Campus, Chennai- 600036 **IFSC Code:** SBIN0001055
MICR Code: 600002018 **SWIFT Codes:** SBININBB453

NEFT Transfer Details:

D.D./cheque should be drawn on: "International Conference on Cancer prevention and Treatment" Payable at Chennai.

Cheque/DD No: - _____ **Dated:** _____

Drawee Bank and Branch: _____

Filled registration form should be sent to: Dr. Karunakaran, Department of Biotechnology, IIT Madras, Chennai-600036.

Note:

1. Please send the filled form along with Cheque /DD, to the conference secretariat.
2. Please mention your Name, City and Mobile No. on the backside of Cheque/DD.
3. Registration confirmation will be sent by e-mail only after receiving the duly filled Registration form along with the registration fees and realization of cheque/D.D.
4. The official receipt of the registration will be handed over to you at the registration desk during the conference.
5. Student delegates **MUST** submit proof and a letter signed by Head of the Institution /Department /Supervisor on the Institute letter head.
6. In case of bank transfer, details should be communicated by e-mail to the conference secretariat.

Registration fees includes: Participation in inaugural function, participation in all scientific sessions during the conference, conference kit, Conference book and other educational materials, Lunch on 8th-11th February 2018 at Westin hotel.

ABSTRACT FORM

Abstract Form

Title: _____

Authors: _____

Presenting Author: _____ Designation: _____

Institute: _____

E-Mail and Cell Phone Number of Corresponding Author: _____

Select one most appropriate Scientific Session for your abstract:

- Session 1: Cancer and Epigenetics
- Session 2: Cancer Stem Cells
- Session 3: Signaling aberrations in Cancer
- Session 4: Cancer Microenvironment
- Session 5: Cancer and Immune System
- Session 6: Cancer Metastasis
- Session 7: Cancer Prevention: The Holistic Approach
- Session 8: Cancer- Personalized and Precision Medicine
- Session 9: Cancer Drug Development
- Session 10: Non-coding RNAs in Cancer

Abstract to be typed on plain page under following headings:

Background: _____

Objectives: _____

Materials and Methods: _____

Results: _____

Conclusions: _____

Oral/Poster Presentation awards:

- There will be oral/poster presentation awards.
- Scientific committee will select outstanding abstracts (received before December 15, 2017 from each category for oral/poster presentation awards.
- Presentations of the selected outstanding abstracts will be evaluated during the conference and award winners will be announced.
- Registration before December 15, 2017 for submitting abstracts for award session is compulsory.

Instructions:

- All the abstracts for invited talks and oral/ poster presentations should be submitted before deadline.
- Name of presenting author should be highlighted in bold and underline.
- One delegate will be able to give only one presentation.
- Last Date of Abstract Submission is December 15, 2017.
- Abstract must be typed and presented in English.
- Use the Font type Arial and Font Size 10.
- The Abstract should not exceed 350 words.
- It is mandatory to mail a soft copy to tcr2018india@gmail.com
- Poster size: 4ft W x 3ft H (soft board and pins will be provided)

CHENNAI TRIP

About Chennai

Chennai, the capital city of Tamil Nadu is sited on the Coromandel Coast of the Bay of Bengal. The earlier name of the city, Madras is believed to be originated from Madrasapattinam, a fishing village located north of the St. George Fort. It has played a very crucial role in the traditional, historical and academic growth of the country, representing the different elements of the highest variety of the Dravidian civilization. Today, Chennai, the capital city is the 4th largest city of India and is also the leading commercial centre of South India. Chennai, being an important metropolitan city is very well-connected to all the major cities of India as well as with the countries overseas. And, it is also considered as the cultural hub of South India which is famous for its affluent heritage in classical dance, music, architecture, sculpture, crafts, etc. This city is renowned for Bharatnatyam, the famous and one of the oldest classical dance forms in India, which originated in Tamil Nadu. The Chennai Mofussil Bus Terminus (CBMT) at Koyambedu is the leading bus terminal in Asia. The Anna Centenary Library in the capital city of Tamil Nadu is the largest library in Asia. The Vandalur Zoo sited in Chennai was set up in 1855 and it is the first public zoo in India and also the largest one in the country. The Cancer Institute established in 1920 is one of the oldest cancer hospitals in India. Chennai is the second leading exporter of information technology (IT) and business process outsourcing (BPO) services in India.
